

This diagram shows an exploded view of a rear suspension assembly. Key components and their specifications are labeled as follows:

- *1**: Points to the main suspension arm.
- *2**: Points to the lower control arm.
- *3**: Points to a bushing.
- *4**: Points to a bolt.
- *5**: Points to a nut.
- *6**: Points to a bushing.

Torque specifications are provided in boxes:

- 9.8 (100, 87 in.*lbf)**: Located near the top right, pointing to a bolt.
- 12.75 (130, 9)**: Multiple locations, pointing to various bushings and bolts.

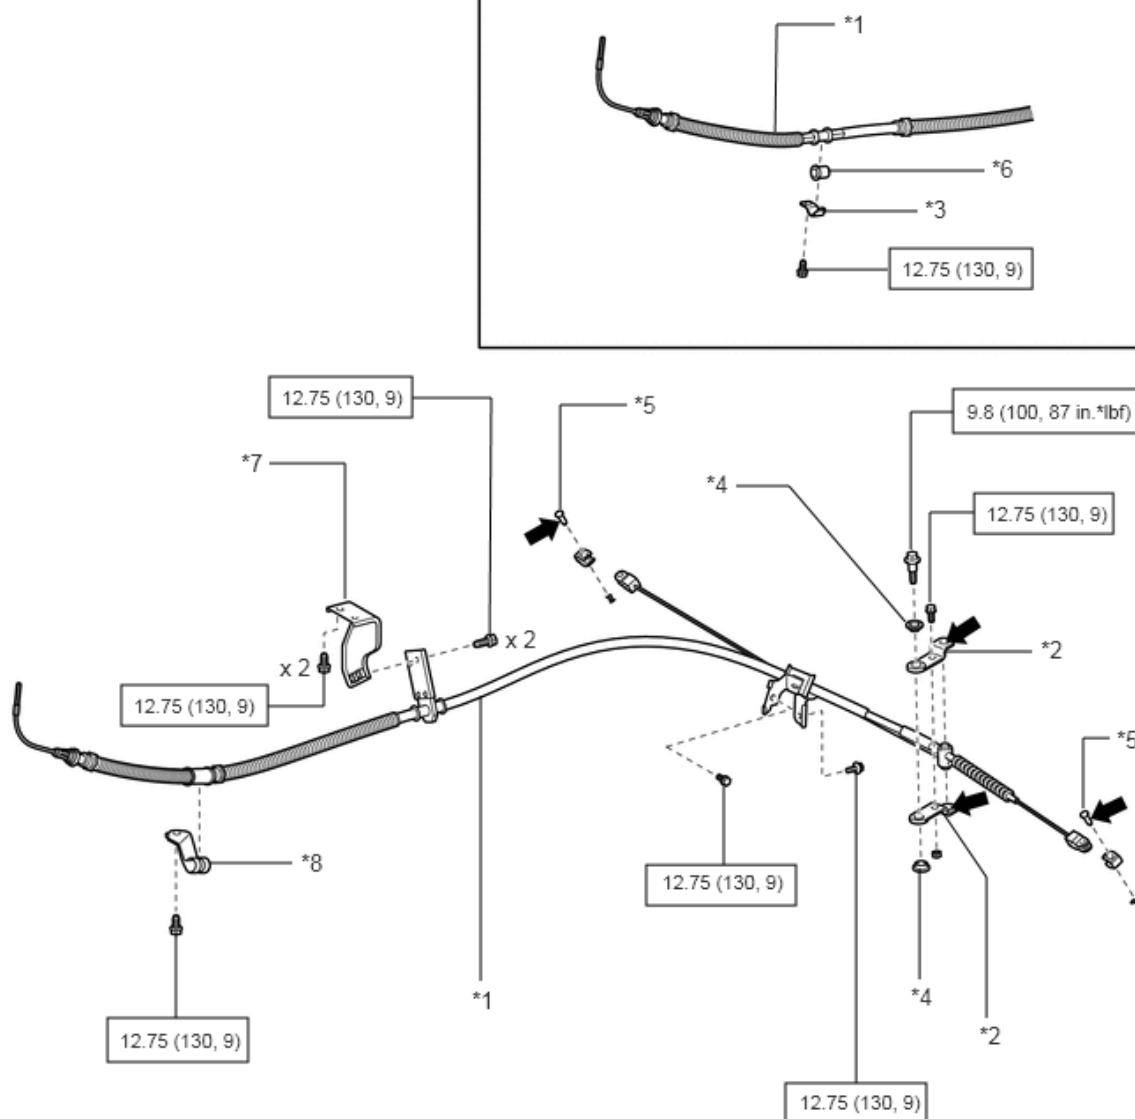

Arrows indicate the assembly direction for several components, including the control arm, lower control arm, and the rear end of the suspension arm.
